

Science on the Slopes

Environmental Education & Wellness Program

Program Topics: Contents

Earth Science

[Geology of Balance Rock](#)
[Hiking to Balance Rock](#)
[Water Cycle & watershed](#)
[ES Frameworks to Balance Rock & water cycle](#)
[ES Frameworks to Conservation & Stewardship](#)

Engineering & Technology

[Equipment of snowmaking video 1](#)
[Business of snowmaking video 2](#)
[Basics of snow gun design](#)
[Eng/Tech Frameworks related to snowmaking](#)
[Chair lift design challenge](#)
[Cardboard box race activity](#)

Life Science

[Importance of Trees and Old Growth Forest](#)
[Interactions within Ecosystems](#)
[Habitat Scavenger Hunt](#)
[Wachusett's Green Giants](#)
[Wachusett Wildflowers](#)
[Old Growth historical images & map](#)
[Life Science Curriculum Frameworks](#)

Physical Science

[Natural snowmaking process](#)
[Human snowmaking process](#)
[Best conditions for snowmaking](#)
[what's the wet bulb temp mean & activity](#)
[VIDEO- Wachusett Mountain Snowmaking](#)
[Physical Science Frameworks of snowmaking](#)

Health & Wellness

[Hiking trails at Wachusett](#)
[Generic field trip outline](#)
[Article- benefits for children to be outdoors](#)
[Why Tree Hugging is Good for your mental health](#)
[Health Frameworks brainstorm page](#)
[Forest bathing \(shinrin-yoku\)](#)
